- A student loan account summary for **each** student loan account submitted with your application.
  - Account summaries must contain: loan provider, account holder information, total loan amount, interest rate, loan terms & payment schedule (including minimum monthly payment requirement)
  - *Helpful hint: in most cases, the documents created by your loan provider that are sufficient for a mortgage application contain all required information. Additionally, monthly account statements for each month throughout the Service Period are also helpful.*

- Any documentation that references a change in your payment terms (such as an Income Driven Repayment letter) over the past 12 months, if applicable.
